Part B for July 1943

SUBJECT

Lands required for military purposes in the Mysore State.

(Temporary camp for the drivers of the military Convoys — Tumkur

M. Madhakrishnaiah
9.7.43

Temporary Camps for Ct Drivers of Ct Military Convoys. Grant of Lands. Tuticorin Dt.

288.

Dear Mr R.C & C.R.

C.L.O.449/42-43 d 29 May 43 requesting orders of Govt re: grant of lands for the erection of a temporary Camp for Ct Drivers of Ct Military Convoys travelling from Bombay in Tuticorin Dt.

(1) It is stated that Ct sites now selected are in Ct possession of Ct P.W.D. Ct lands being acquired for building Ct International College Tuticorin. Since Ct Govt is not proposed to put up Ct buildings until after Ct War Ct D.C has recommended that Ct military authorities may be permitted to occupy Ct sites on compensation. The C.R considers that no compensation need be claimed. Asked for orders whether Ct sites may be granted free of compensation. as suggested.

(2) The other point for orders re is re: tapping Ct water supply main to Tuticorin Town Near Ct site. The C.R considers that this may be permitted in consultation with Ct Sanitary Engineer who is in charge of Ct Tuticorin Water supply, since Ct quantity that would be required for this camp is bound to be very small

(3) Asked for orders whether permission may be accorded to Ct occupation of Ct sites. Ct Sanitary Engineer being consulted re: water supply.

spk (4) The Residency have made a reference re: Ct provision of amenities for Ct road Convoys and this does not refer to Ct sites now selected by Ct military authorities in Tuticorin Dt.

L.O. No. 98/W dated 1-6-1943.

Sundara Rao Ayyangar 2 Secretary, PWD for Secretary

6416 M/1/6

(8) Returned with compliments.

It is not possible to lay the rising main - By the water supply will be only for 200 men, water may be arranged to be taken from the Distribution main if the camping site is close to the distribution main further as the water supply & the distribution system belong to the Tumkur Town Municipality, the president of the municipality may also be consulted. If the water supply for the 200 men is found, specific mention may hereby be made that cows should not be allowed to be washed with the water as the water supply to the town is already too little for its needs.

There is no time to do this consult WT

O. Ramachandra Rao Asst Director of Health Services 1/7/43.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE & Civil Representative,
Bangalore, dated: 29th May 1943.

From

M. SESHADRI, ESQ., M.A.,
Revenue Commissioner in Mysore &
Civil Representative, BANGALORE.

To

V. VEDAVYASACHARYA, ESQ., B.A.,
Chief Secretary to Government of Mysore,
BANGALORE.

(Is it Tumkur or Chitaldrug? This is in connection with the Tumkur Camp.)

Sir,

SUBJECT:-- Staging Camp, Tumkur - grant of lands for -

--

I have the honour to state that the Military authorities propose to errect a temporary camp for the Drivers of the Military Convoys travelling from Bombay to Bangalore. It is understood that the convoy of about 200 vehicles passes through Tumkur thrice a week. These convoys arrive at Tumkur late in the evening and the drivers and other personnel spend the night there. The Military authorities now propose to erect the temporary camp to provide a resting place and also food and other amenities for them. I understand from Col Stubbs of the Head Quarters 160 L of C Sub Area that the structures intended to be put up in this camp are purely temporary for the duration of the War and the site will be cleared when the Military authorities find no use for it.

2. The site for this camp was selected at a Meeting of the Siting Board which assembled at Tumkur on the 13th instant. The Sub Division Officer and the Amildar, Tumkur Taluk attended the meeting. This Board selected a site at mile 42 of the Bangalore-Tumkur Road. I am enclosing herewith a blue print of this site received from the Garrison Engineer. The Deputy Commissioner

Commissioner, Tumkur reports that the site selected comprises S.Nos. 36, 326, 323, 324, 320 and 319 measuring 73 acres and 37 guntas and assessed at Rs 78-2-0. The acquisition of these lands was sanctioned in G.O. No. E. 886/Uny. 36-40-55 dated 9th September 1941 for building the Intermediate College. These lands are now in the possession of the Public Works Department. The Deputy Commissioner recommends that the Military authorities may be permitted to occupy the site on payment of compensation. I understand from the Chief Engineer that the proposal to put up the Intermediate College building has been postponed until after the War. As it is understood that the Military authorities propose to occupy this site temporarily, it seems to me that no question of compensation arises. I think that the Military authorities may be permitted to occupy the site on condition that they will vacate it whenever they are required to do so after a reasonable notice.

3. Another point which has been raised is the question of water-supply. The Military authorities ask for permission to tap the water-supply main to Tumkur town near the site. The quantity of water that will be required for this camp is bound to be very small. The Military authorities may be permitted to arrange for the water-supply of this camp in consultation with the Sanitary Engineer who is in charge of the Tumkur Water-supply.

4. As the Military authorities are pressing for an urgent reply, I request the favour of your obtaining very early orders on these proposals.

I have the honour to be,
Sir,
Your most obedient servant,

M Venkadra

Revenue Commissioner
& Civil Representative.

To

The R.C.I.C.R.

Grant of lands for a temporary camp for the drivers of the military convoys. Tumkur

Sir,

With reference to your letter No C.H.O. 449/42 40 d 29th May. 40 on the above subject, I am directed to state that Govt have no objection to permit the military authorities the temporary occupation of the Sch. lands Comprising the ~~originally Notes~~ (S.Nos 323) (36, 326, 324, 320 and 319) measuring 73 acres and 37 gunthas. To the military authorities for the staging camp of military convoys subject to the conditions that the military authorities should pay a ground rent of Rs 5/- per acre per year and/ the as regards water supply the drain of should be taken ~~altogether~~ so as not to affect the supply to the town.

I am to add that the ground ~~that~~ should be credited to the University funds of the Land was acquired at the cost the University

This ~~Sanction~~ arrangement I have to

Enclose

Dear Sir,

I am directed to enclose herein copies of the letter from the Revenue Commissioner & Civil Representative in Mysore, regarding the grant of permission for the temporary occupation of the sites bearing Survey Nos.36, 326, 323, 320 and 319, Tumkur, reserved for the construction of a building for the Intermediate College and this office reply to him and to state that as it is not likely that the construction of the building will be taken up during the period of the War, the ~~military authorities~~ have been permitted to temporarily occupy the site for the purpose mentioned by them on payment of a ground rent of Rs.5/- per acre per year. ~~I am to state that~~ It is the intention of Government to make over the rent to be realised, to the University if the land has been acquired at the cost of the University.
I am to request you kindly to intimate if the cost of acquisition was met from the University funds, so that necessary orders regarding the crediting of the ground rent to the ~~University~~ said funds may be issued. An early reply is requested.

Yours Sincerely,

4/6/43 6/6/43

E.G. McAlpine, Esq., M.A., Dip.Edn., I.E.S.

Sir,

Water supply to Military staging camp, Tumkur - issue of 2400 gallons of water per month.-

With reference to Chief Secretary's letter No.4364-5/I dated 2-6-1943 forwarding a copy of letter No.4363 of even date addressed to the Revenue Commissioner on the above subject, I have the honour to state that for water supply to the above camp, the Military authorities are reported to be arranging for putting up a small 400-gallons capacity G.I.tank, and linking the same with the distribution main. The Sanitary Engineer reports in his No.1697 dated 12th June 1943 that it was agreed after personal inspection that the linking up with the main would be got done by the Assistant Engineer, No.1 Sanitary Sub-Division through the departmental agency and that the quantity of water to be issued to the Military authorities would be at the rate of 600 gallons per week, or 2,400 gallons per month, and that the operation of the valves would also be got done through the departmental agency.

The Sanitary Engineer reports that the issue of 2400 gallons per month of water would not interfere in any manner with the water supply to Tumkur Town and that the cost of water would be recovered by forwarding monthly bills to the Military Headquarters.

The President, Municipal Council, Tumkur is informed this day of the above arrangement.

Copies of letter No.1697 dated 12th June 1943 of the Sanitary Engineer and its enclosure are enclosed for the information of Government.

I have the honour to be,
Sir,
Your most obedient servant,
S. Parthasarathy
Director of Public Health.

Letter No.1697 dated 12th June 1943 from the Sanitary Engineer, Bangalore, to the Director of Public Health in Mysore, Bangalore.

Re: Military staging camp -- Tumkur.

In noting and returning herewith letter No. P.C.449/42-43 dated 3rd June 1943 from the Civil Representative, Bangalore, to H.Q., 160 L. of C. Sub-Area, Bangalore, I have the honour to state that the Civil Representative Mr.M.Seshadri, phoned me up three days back and we both visited the military headquarters and had a talk with regard to the details of water supply. From the plans made available to me showing the site proposed for the staging camp it was found that the camp is fixed up in a suitable place that the rising main to the filters from Aydala tank is in no manner interfered with. It was also pointed out to me that the strength of the military encampment would be no more than 200 at any time and the camping ground would be used roughly about three times during the week. The military are putting up a small 400 gallon capacity G.I. tank and desire linking up the same with the distribution main. It was agreed that after their work was complete the linking up would be got done by the Assistant Engineer, No.1 Sanitary Subdivision, Tumkur through our own agency and that the quantity of water to be issued to them would be at the rate of 600 gallons per week or 2,400 gallons per month. The operation of the valves would be got done through the agency of our staff on intimation being received in the Subdivision office at Tumkur by a watchman employed by the military who will give advance intimation to the Assistant Engineer of an arriving camp. The cost per month will have to be adjusted on bills forwarded monthly to the military headquarters. It is to be stated that this issue of 2,400 gallons per month is a very small quantity and does not interfere in any manner with the water supply to Tumkur town, and necessary arrangements will be got done on the above lines. It seems also essential to intimate the Municipal President of the above arrangement.

Letter No.D.C.O.449/42-43 dated 3rd June 1943 from the Revenue Commissioner & Civil Representative, Bangalore to H.Q., 160 L. of C. Sub-Area, Bangalore.-

Subject:- Lands - staging camp, Tumkur.
Ref:- Your letter No.156/2/254/29/4 dated 20-5-1943.

I write to say that the Government of Mysore have agreed that the site selected for the staging Camp at Tumkur may be occupied temporarily subject to the condition that the military authorities should pay a ground rent of Rs.5/- per acre per year and that the arrangements for water supply should be so arranged as not to interfere with the supply to the Tumkur Town. The total area of this site is 73 acres and 37 guntas and the ground rent will work up to about Rs.370/- per year.

As regards water-supply, I have been advised that the raising main should not be tapped directly. As it is, it has been found very difficult to meet the normal demands of the Tumkur Town for the supply of water. The arrangements for the water-supply to the camp will have to be so devised as not to interfere with the water-supply to the town. I would therefore ~~xxxxxxxxxxxx~~ suggest that the water-supply arrangements may be fixed up in consultation with the Sanitary Engineer of the Government of Mysore who is in charge of the Tumkur Water-supply.

On hearing from you that you are agreeable to these suggestions, I shall ask the Deputy Commissioner to hand over the site to you.
